

# BMO Intuition RESP Savings Portfolio

## ABOUT BMO INTUITION RESP

BMO Intuition RESP allows you to choose from five professionally managed portfolios. Depending on your specific goals, time horizon, risk tolerance and the age of your beneficiary, you will be matched to a specific portfolio of investments.

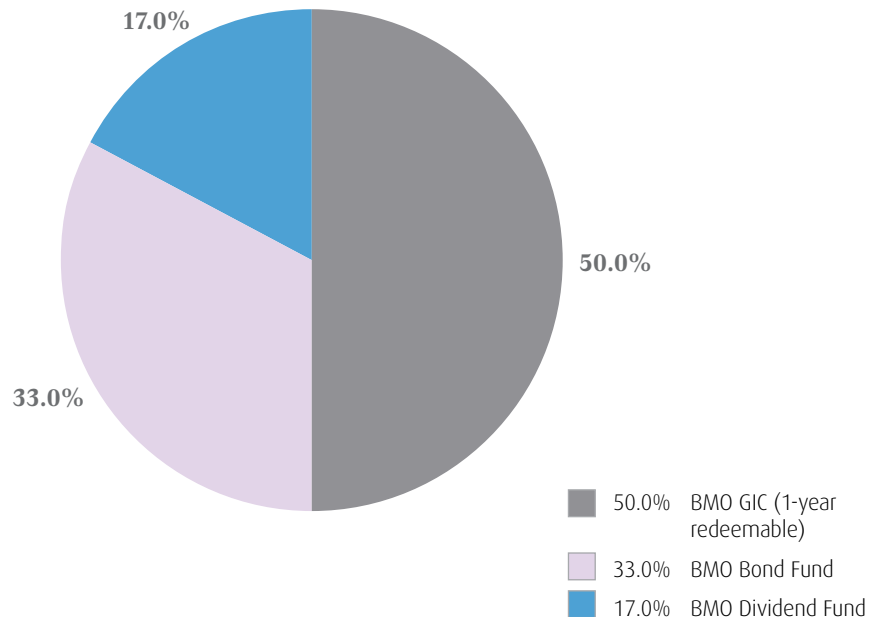

It starts with an easy to follow questionnaire that helps you understand your investment preferences. Based on this information, you are matched with a portfolio of investments diversified across a range of asset classes and management styles to help maximize your potential returns while managing volatility given your level of risk tolerance.

BMO Intuition RESP Portfolios are rebalanced periodically to maintain your original mix of assets. If you are invested in a strategic portfolio\*, it will generally be reviewed four times a year and will automatically be rebalanced for you if the strategic portfolio exceeds its set target range in order to restore the recommended weightings of the funds in the portfolio.

## PORTFOLIO COMPOSITION

BMO Intuition RESP Savings Portfolio is suited for the security conscious investor. Emphasis is on capital preservation and flexibility with limited exposure to funds invested in stocks or equities.
